Top 10 Reasons to buy OptiMax

1. **Best "power-to-weight" performance** light-weight, great out-of-the-hole acceleration and best top speed
2. **Low-pressure Direct-Fuel-Injection (DFI)** 80psi = less stress on components, greater reliability over life of engine
3. **Uses less fuel** up to 45% less than traditional 2-strokes...with turn-key easy starting and no smoke!
4. **Exclusive SmartCraft digital engine management** optimizes performance, plus provides performance diagnostics to help
5. **60amp alternator best-in-class**, for you marine electronics
6. **Features Mercury's exclusive XK360 marine alloy** which provides superior corrosion resistance
7. **Built-in freshwater flushing system** no separate "ear muffs" attachment needed
8. **Electronic precision & control** powerful Motorola processor, monitors 64 functions—includes Guardian Protection System
9. **Backed by the only 3-year Marine Corrosion Warranty**
10. **Supported by the largest Service Network** in Australia, New Zealand and the Pacific. Regional & Country areas are well-covered.
